The position is exceptionally convenient – approximately 2.1 kilometres to the Glenmore Tavern and only minutes to major shopping, schools, and services – yet the setting still delivers that “little bit country” feeling that is becoming increasingly difficult to find, especially at this price.

The property is affected by a flood overlay over parts of it, and purchasers are encouraged to make their own enquiries regarding intended use. The land could suit a range of practical purposes including machinery storage, transport operations, or rural pursuits subject to council requirements.

Rarely does acreage of this size become available in such a central location.

Features include:
