is newly painted with quality paint. Modern LED lighting give you the feeling that you are in a new house, however the internal decorative features gives you a feeling reminiscent of a more classical era. Every bedroom (2 with built-ins) is fitted out with brand new Mitsubishi industrial split air conditioners, ceiling fans, wall TV points with accompanying power point. Each bedroom and office are lockable with individual keys making it perfect for an Airbnb potential especially in this location. Cool easterly breezes flow through the front patio through to the house cooling right through the lounge and dining area, whilst enjoying views to the Berserkers.

The attractive newly modern tiled bathroom has been completely renovated. Owner is awaiting trade availability to carpet bedrooms, put new vinyl in the kitchen and polish living area floors. There is a brand new 315 litre electric hot water system downstairs. There is a toilet inside the bathroom and another away from the bathroom separated by a large linen closet. The attractive and spacious kitchen has been upgraded and has a handy wide two door pantry cupboard for much-needed extra storage. Underneath the house is completely concreted and enclosed with split face besser block. It contains an additional sizeable lockable storage area. Cleverly, the house is wired for generator use in time of power outage.

An exciting extra potential is that zoning on the block allows for an additional house to be built at the rear using the bitumen lane frontage. Imagine the extra earning capacity you could have to live in a home on the block, then Airbnb the rooms, or to be able to build a unit for the grandparents to live nearby for economical accommodation. It could also be ideal to run a highly visible home-based business with excellent wide street parking and access. Available NOW! Priced at \$295,000 an inspection will reveal value and potential. Call Alan Cornick on 0418 792 888 or Leonie Wheeler on 0428 199 930 to arrange a time.
